

2020 Cancer Genomics Consortium Annual Meeting August 2-5, 2020

The Cancer Genomics Consortium (CGC) has scheduled its 11th Annual Meeting to be held in Nashville, TN on August 2-5, 2020. This is the preeminent annual gathering for medical and laboratory specialists who are interested in the use of genomic techniques for diagnostic testing and translational research applications.

The meeting will include invited presentations from leading geneticists/genomicists, oncologists and pathologists, focusing on the clinically important as well as recent developments in cancer genomic diagnosis, prognosis, and management. Various sessions are planned for data interpretation, information sharing, database building and best practices in reporting and follow up.

2020 Meeting Highlights:

- Clinical management of neoplastic disorders: Testing Algorithms, Billing & Reimbursements
- Incidental germline findings in somatic testing
- Liquid biopsy: Testing guidelines and technical considerations
- Challenging Cases: Solved & Unsolved Diagnostic Dilemmas
- Identification of actionable genomic alterations and clinical management
- NIPT: From laboratory results to clinical follow up
- Solid Tumors: Genetics & genomics
- Hematologic Malignancies: Genetics & genomics
- New/Emerging Technologies
- Bioinformatics: Pipelines, Resources and Innovations
- Constitutional genetics/genomics

The CGC annual meeting is a unique forum for education and discussion of best practices in laboratory genomics. The CGC is committed to advancing clinical diagnostics through the use of genomic technologies (FISH, microarray, massively parallel sequencing, etc.) and improving the data processing that accompanies these technologies.

Our meetings bring together laboratorians, clinicians and researchers with a shared interest in early adoption, performance and interpretation of leading-edge technology for cancer and constitutional genomics. Valuable practical aspects of the meetings derive from workshops, expert-panels and round-table discussions on topics relevant for clinical practice, including data interpretation, access to shared resources and best practices in reporting and follow-up.

Vendors interested in exhibiting at the 2020 CGC Annual Meeting should e-mail Dr. Brynn Levy (BL2185@CUMC.Columbia.edu). Details on levels of support can be found on the next page.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Brynn', with a long, sweeping underline.

Brynn Levy, M.Sc. (Med)., Ph.D., FACMG

2020 Cancer Genomics Consortium Annual Meeting

August 2-5, 2020

Support opportunities are offered at the following levels:

Level	Contribution	Exhibit Booth
Gold	\$5,500	10 feet x 10 feet
Platinum	\$12,000	10 feet x 10 feet
Diamond	\$20,000	10 feet x 20 feet

- **All** contributing supporters will be allocated:
 - Booth space as shown in the table above
 - Publication of company logos and level of support in the printed program and the annual meeting website
 - Advertisement space on the printed program (size of advertisement commensurate with level of support)
 - On-screen display of company logos in pre-event workshops and in the general session between talks and during session breaks
- Exhibitors will be provided with complementary FULL scientific registration as follows:
 - **Diamond:** Five complimentary meeting scientific registrations
 - **Platinum:** Four complimentary meeting scientific registrations
 - **Gold:** Two complimentary meeting scientific registrations
- **Diamond Exhibitors**
 - Will be afforded the opportunity to participate in a **Vendor Showcase** in which they will be allocated approximately 45 minutes to highlight their technology and products and be **recorded (video) at no additional cost**. Time allotment will be equal for all Diamond supporters. Time allotment may be reduced if there are more than three supporters at the Diamond level.
 - Will have the Opening Reception (wine & cheese) in their name. *(May be more than one exhibitor named per break, depending on the number of exhibitors in the category).*
- **Platinum Exhibitors**
 - Will be afforded the opportunity to participate in the **pre-meeting educational/vendor workshops** or **morning symposia** where they will be allocated time to highlight their technology and products. Please note that morning symposia may take place in the main session hall and **be recorded (video) at no additional cost**. Sessions may be concurrent, depending on the number of exhibitors in the category. Time allotment will be equal for all Platinum supporters.
 - Will have coffee/tea breaks in their name. *(May be more than one exhibitor named per break, depending on the number of exhibitors in the category).*
- Please complete the CGC 2020 Vendor Commitment Form indicating desired level of support. Mail or e-mail completed form with payment option to:

Patricia Minehart Miron, Ph.D., FACMGG
Assoc. Prof. of Pathology and Pediatrics, UMassMemorial
Cytogenetics Director, Quest Diagnostics
42 Cartwright Road, Wellesley, MA 02482
