2022 Cancer Genomics Consortium Annual Meeting

July 31 - August 3, 2022

In 2020, more than 500 participants representing 13 countries attended our two-day virtual meeting. In 2021 we returned to a four-day format but again opted for a fully virtual experience. This summer, we will host a **hybrid (in-person + virtual)** format that will feature **in-person** platform presentations, pre-meeting morning industry symposia, workshops, networking sessions, exhibitor hall, poster sessions, round table discussions, other interactive opportunities with our industry supporters, and CME credit. We will also provide virtual content streaming, live virtual Q&A, and CME credit for those unable to attend in person. If the pandemic situation worsens we have also developed a plan to revert to a fully virtual format emulating the successful virtual meetings of the last two years. However, it is our strong preference and intention to include an in-person component while also supporting those unable to attend in person.

The CGC Annual Meeting is a preeminent annual gathering for laboratorians, clinicians and researchers with a shared interest in early adoption, performance and interpretation of leading-edge technology for cancer and constitutional genomics. The collegiality of the CGC provides a unique educational opportunity for all to advance clinical diagnostics using genomic technologies (FISH, microarray, massively parallel sequencing, etc.) and to improve the data processing that accompanies these technologies.

The meeting will include invited presentations from leading geneticists, oncologists, pathologists, and bioinformaticians focusing on the clinically important developments in cancer genomic diagnosis, prognosis, and management. Sessions are planned for data interpretation, information sharing, database development, and establishing best practices in reporting and follow up testing.

Anticipated Program Highlights:

- Clinical Applications of Microarray and Sequencing-Based Approaches
- Validation and Quality Control of Arrays, NGS, and Cell-Free DNA Analysis
- Clinical Interpretation of Sequence and Copy Number Variants
- Bioinformatics, Clinical Pipelines, Databases, and Data Sharing for Publication
- Challenging/Teaching Cases, Laboratory Advocacy
- Improving equity in access to genomic testing

If you have questions about exhibiting at the 2022 CGC Annual Meeting please e-mail Karla Gay (karla@cancergenomics.org). Details on levels of support and confirmation can be found on the next page.

Sincerely,

A handwritten signature in black ink that reads 'Obi L. Griffith'.

2022 Cancer Genomics Consortium Annual Meeting

Level	Diamond	Platinum	Gold
Contribution	\$20,000.00 Sold Out	\$12,000.00 Sold Out	\$5,500.00
Showcase Presentation	45 minutes within the general session, including Q&A	25 minutes within the general session, including Q&A	3 minutes within the general session
Exhibit Booth*	10 x 20 Booth	10 x 10 Booth	10 x 10 Booth
Commercial During Annual Meeting	Two-minute commercial shown at the beginning of one session. <i>Additional showings on loop during breaks.</i>	One minute commercial shown at the beginning of one session. <i>Additional showings on loop during breaks.</i>	One minute commercial shown on loop during session breaks
Enduring Materials	Company Presentation Included in Archived Meeting content for CGC Members (<i>Member-Only Access Website</i>) and in the Limited Release for Non-Attendees (<i>CGC YouTube Channel</i>)		
Logo placement on CGC 2022 Website	Company logos will be placed on the CGC 2022 Annual Meeting website as soon as the confirmation form, and the logo (JPEG), are received.		
Registration List	Annual Meeting pre-registration list and final registration list (<i>Three weeks prior to meeting and within three days following the meeting</i>)		
Scientific Poster Session**	6 Posters	4 Posters	2 Posters
Full Registrations	6 Registrations	4 Registrations	2 Registrations
Social Media Promotion	Inclusion in two pre-event tweets and LinkedIn/Facebook posts thanking sponsors for the meeting		

*Note: In the event that a pandemic-related change to virtual-only is necessitated, the in-person exhibit booth is not included. However, all other benefits apply to both hybrid and virtual-only formats.

Please complete the CGC 2022 Vendor Commitment Form indicating desired level of support.

Mail or e-mail completed form with payment option to:

Xinjie Xu, Ph.D., FACMG
Cancer Genomics Consortium
P.O. Box 304, Rochester, MN, 55903, USA
email: Xu.Xinjie@mayo.edu and karla@cancergenomics.org

CGC 2022 logistical information will be distributed to confirmed exhibitors in spring 2022.
